

Team Review One-Pager

A lightweight agenda for using Find the Praxis with a product, design, AI, support, operations, QA, risk, or service team.

60-minute format

Bring one real status label and one recent example. Do not start with the whole theory.

0-10 minutes

Name the signal and the relied-upon promise.

10-25 minutes

Name who relied and what they did or stopped doing because they trusted it.

25-40 minutes

Map the carrier, proof, betrayal risk, and pressure.

40-55 minutes

Assign refusal, escalation, repair, or re-promise ownership.

55-60 minutes

Choose one product, process, evidence, or ownership change.

Half-day extension

Use a half-day review when the same promise crosses product, support, operations, AI, delivery, payment, compliance, or service teams. Add trace, invariant, authority, and repair-path mapping.
